DETAILED ACTION

In view of the appeal brief filed on 3/22/11, PROSECUTION IS HEREBY REOPENED. A new rejection is set forth below.

To avoid abandonment of the application, appellant must exercise one of the following two options:

(1) file a reply under 37 CFR 1.111 (if this Office action is non-final) or a reply under 37 CFR 1.113 (if this Office action is final); or,

(2) initiate a new appeal by filing a notice of appeal under 37 CFR 41.31 followed by an appeal brief under 37 CFR 41.37. The previously paid notice of appeal fee and appeal brief fee can be applied to the new appeal. If, however, the appeal fees set forth in 37 CFR 41.20 have been increased since they were previously paid, then appellant must pay the difference between the increased fees and the amount previously paid.

A Supervisory Patent Examiner (SPE) has approved of reopening prosecution by signing below:

/Niketa I. Patel/

Supervisory Patent Examiner, Art Unit 3762.

Specification

1. The abstract of the disclosure is objected to because it is not a separate sheet and is not in proper form, i.e. the copy of the WO 2005/039410 abstract is not sufficient. Correction is required. See MPEP § 608.01(b).

2. The disclosure is objected to because of the following informalities: Any application numbers listed in the disclosure should be updated to reflect their patent status (e.g. pending, patented, abandoned) and publication numbers should be provided for any applications that have been published. Specifically, page 12, lines 12-13 of the disclosure requires correction. Furthermore, any reference to attorney docket numbers appearing therein should be removed.

Appropriate correction is required

Allowable Subject Matter

3. Claims 1-39 are allowed pending the appropriate response and/or correction of the above objections.

Response to Arguments

4. Applicant's arguments with respect to claims 1-39 have been considered but are moot in view of the new ground(s) of rejection.
